

State of Louisiana

Louisiana Department of Health Office of Public Health

December 16, 2021

SENT VIA EMAIL AND REGULAR MAIL

Henderson Lewis, Jr., Ph.D. Superintendent of Schools 2401 Westbend Parkway New Orleans, LA 70114

Dear Dr. Henderson:

The Louisiana Department of Health (LDH) acknowledges receipt of your December 16, 2021, correspondence and appreciates the efforts that NOLA Public Schools has undertaken to mitigate the transmission of COVID-19. The LDH agrees that vaccination is the most effective tool in preventing severe disease, hospitalization, and deaths.

As you correctly point out, La. R.S. 17:170 clearly provides that an educational institution may, with the approval of the Office of Public Health (OPH), require immunizations, or proof of immunity, more extensive than required by the immunization schedule approved by OPH. In the correspondence mentioned above, NOLA Public Schools, on behalf of 86 schools under its umbrella, has sought OPH approval to add COVID-19 immunizations to the immunization schedule effective February 1, 2022. This requirement would apply to entering and continuing students.

Pursuant to the applicable statute, OPH grants approval of your request to be more extensive with your vaccination requirements than the current approved OPH immunization schedule while still being supported by current CDC requirements. Specifically, this would apply to the individual institutions within your system as follows:

Charter Management Organization	School Name
Morris Jeff Community School, Inc.	Morris Jeff High School
Morris Jeff Community School, Inc.	Morris Jeff Middle School
Morris Jeff Community School, Inc.	Morris Jeff Elementary School
